Our Vision:

Simple Choices. A Better Life. A Healthy Planet.

Your Actions Count. Be Part of the Solution.

Our Mission:

Two Canadians on an 11,000 mile run to inspire Environmental Action.

Welcome to the Run for One Planet

One year. One Continent. One Step Closer to a Healthier Environment. Welcome to The Run for One Planet.

The Run for One Planet is an ongoing run endeavour focused on inspiring people to get fit and healthy for themselves, and stimulate them to pick up the pace to take action for our planet

The Run for One Planet **2008/2009 NORTH AMERICA TOUR** is the kick-off initiative – a carbon neutral year-long run around the continent by two Canadians, Matt Hill and Stephanie Tait, to inspire Environmental Action. Their goal is to run 1 marathon each a day, relay-style, to inspire 1 million new Actions for Earth and raise \$1 Million for their Foundation. To do this, they will be running 11,000-miles into communities, towns, and cities where they will run, speak, and inspire people to take simple daily actions, individually and corporately, to make a positive difference for the health of our planet. They are set to hit the pavement on May 4th 2008 with the BMO Bank of Montreal Vancouver Marathon – with 15,000 participants. After that, Matt and Stephanie will run across Canada, down the eastern seaboard to Florida, head west across the Gulf Coast to California and back up the west coast to Vancouver, arriving back around May 2009.

Upon return from their tour, all funds donated to the **RUN FOR ONE PLANET FOUNDATION** will be used as seed money to launch subsequent Run for One Planet Marathons in cities and towns across North America that they originally ran through in their '08/'09 tour. These marathons will act as a whole new way to save the planet – by running for it! For more information visit **www.runforoneplanet.com**.
