Who We Are:

The Run for One Planet is an ongoing run endeavour focused on inspiring people to get fit and healthy for themselves, and stimulate them to pick up the pace to take action for our planet.

Our Mission:

To run 1 Marathon each day, to inspire 1 million new Actions for Earth and to raise \$1 million for our Foundation.

Was That a Party or What?!

A It's 6:00am, Monday morning, March 17th. Our house is a little like after Christmas Day – no presents under the tree, the meal has been eaten, the family has gone home and we are left with memories that will last a lifetime. This is the memory we have from Saturday night at the Scottish Cultural Center, where we packed our "house" with a group of 400 of our closest family – the Run for One Planet family.

We both had the goofiest, punch drunk grins on our faces all day yesterday, as we tried to take in the magnitude of what had just taken place less than 24 hours earlier. Each caught in our own vortex of sound bytes, conversations and amazing experiences, we just kept starting sentences like, "Hey, wasn't that so cool to party with that person?" or "Wasn't Lee's painting incredible?" or "Wasn't the band amazing?"

But what kept coming to mind for each of us was, "The only thing I wish was that I had more time to see and speak to every single person who came." For both of us, this was the ONLY bummer in a night that was filled with so much LOVE. Our burly Russian custodian, Larry, said it best: "Night was big, lots of people's making love, best party ever at Scottish Cultural Center." We wholeheartedly agree, Larry!

Thank you to EVERYONE who came down and shared yourself with us. For us, it was the best party we've ever been to, and we will continue to capture the magic of Saturday night for a long time to come. Thank you for believing in two people's dream to run and inspire a continent to make changes for healthier lives and a healthier planet.

Thank you to Pete Kelamis for your friendship, emceeing, auctioning and comedic brilliance. To funny man, Simon King - We never thought Hillary and Obama jokes could be funnier.

A HUGE thank you and gratefulness to Saffron Henderson, who not only brought together the line-up for an amazing evening of music history, playing with her

Countdown to Run Departure:

39 days to go

Want to Join the Action Team?

Run for One Planet is a growing organization and is constantly seeking passionate, skilled people to VOLUNTEER in helping with different areas of the run tour and to help inspire environmental action for a healthier planet.

Please contact Run Director,
Laura Shanahan,
RunDirector@RunForOnePlanet.com to get involved.

And last but NOT least, out goes a massive thank you to Suzanne Hatcher for taking tickets at the door and our Dream Team Captain – Matt Corker – and his sister Steph, for amassing a huge array of A-class auction items. And an extra

nod to Matt, for inspiring a volunteer team to donate their time, who we think rivals anything ever put together! Thanks for the PRO help!

We are incredibly honoured and feel so lucky to have family, friends, and supporters like all of YOU! Saturday night would never have been so successful or FUN without all of you giving so much and lending your time and talents to support us in our quest to raise money for our year long run tour.

I think our friend Jason Bater said it best Sunday morning when he called at 9:05am (what does he think, we get up at 4:00am every morning?!), and encapsulated the evening's meaning and spirit with this: "The love you take is equal to the love you make." We couldn't agree more.

Love,

Matt & Steph

Environmental Tip of the Week: Reuse Your Paper Napkins or Towels

If you use paper napkins or towels to keep clean during meal time, rather than throwing them out after every use, see if it is clean enough to be reused for another meal or two. Keep your used napkins or paper towels on top of the clean ones so that it's easy for you to reuse them again right away for your next meal.
